**Sarah-Jane Summers** The fifth generation of her family on the same farm in the Scottish Highlands, Sarah-Jane was brought up steeped in the local fiddle tradition. Add to this a love of Norwegian fiddling and you get a unique combination, described as “lush Highland fiddle music with a Nordic edge.” “*exquisitely performed ... soaring, sonorous, ringing and richly textured*” (fRoots)

**Catherine Fraser & Duncan Smith** One of the world's top fiddle and piano duos, Catherine and Duncan have just returned from their third tour of the UK. Showing a rare level of emotional depth they have breathed fresh life into the traditional repertoire as well as composing many beautiful original melodies, descriptive of the Australian Scots experience. In January 2010, Catherine was named best solo fiddler in Australasia at the prestigious Golden Fiddle Awards. “This duo make a powerful team.” The Living Tradition Magazine, UK
